

Modesto City Schools  
Supplementary Instructional Materials:  
Films or Videos  
2017-2018

Dear Parent:

The Modesto City Schools Board of Education has approved a list of films and videos as supplementary instructional materials for classrooms at our school. The criteria used and judgment employed by the Motion Picture Association of America (MPAA) regarding the contents of a film or video provides a solid foundation towards evaluating and determining the use of appropriate films in the educational setting.

According to Board Policy 6161.11, films or videos rated “NC-17”, “X,” or “R” and unrated films or videos of similar content may not be shown in the classroom. Approved films or videos rated “PG-13” and unrated films of similar content (NR) that may be shown in the classroom are posted on our school’s web site at the following link: <https://laloma.mcs4kids.com/parents/resources>. Printed versions of the approved list may also be obtained through our school office.

**As a parent or guardian, you have a right to opt your student out of seeing a film or video on this list by completing the attached form and returning it to Jerry Gonzaga, Assistant Principal. An alternate assignment will be provided.**

Sincerely,

Dan Iverson  
Principal
